

## Distributors for

Cabinet Cooler

Valves

Line Reactor

AC Inverter

Pressure Gauges

Motor Contactors & Overloads

Signaling

Pressure Transducer, Temperature & Control

Light Curtain, Photoelectric, Safety Controls

Relays, PLC  
Power Supplies

DC Drives

Microswitch  
Replacement Safety  
Switches & Hinges

Heaters & T/C

Vibration Controllers

Servo & Gear motor

Brakes & Belts

FRENIC Vector Inverter

AC Soft Starts

Valves

Air Conditioners

Steam Controls

Heater Cartridges, Temperature Controls & Sensors

Gearmotors

DC Drives

Power Transformers

Instrumentation

Cables/Connectors

Electrical Enclosure

Pneumatic Automation Controls

## Electronic Repair Support Of

### All types of electronics

- AC & DC Drives
- Operator Interface HMI
- Servo Controls
- PLC
- Power Supply
- Circuit Boards
- Obsolete Controls
- Industrial Monitors
- Robotics
- Test Equipment
- CNC Controls

### All major brands

- |                   |                |                 |
|-------------------|----------------|-----------------|
| Siemens           | Allen Bradley  | Bridgeport      |
| Fanuc             | TB Woods       | Barber Colman   |
| Reliance          | Ingersoll Rand | Eagle           |
| Lenze             | Gardner Denver | Robicon         |
| General Electric  | Sullair        | Fincor          |
| Warner Electric   | ABB            | AC Technologies |
| Honeywell         | Modicon        | Mitsubishi      |
| Texas Instruments | Cutler Hammer  | Toshiba         |
| Square D          | Westinghouse   | Lambda          |
| Kollmorgen        | Emerson        | Dynamatic       |
| Nematron          | Yaskawa        | Xycom           |
| Indramat          | Magnetek       | Rimrock         |
| CMC               | Sterlco        |                 |

## Rely on our tried and true service record...

- Emergency breakdown service available: *most repairs are shipped within 1 day*
- Field service available: *night & weekend support*
- PLC programming support for Allen Bradley, GE Fanuc, IDEC and others
- Every repair is completed in our facility
  - 30,000 sq ft building in Hickory, NC
  - Pickup & delivery available
- Trained service technicians
- Over 500,000 parts in stock: *large inventory of obsolete components*
- Fast turn around
- We don't hope it works, we know it works!
  - Every AC/DC drive is hydraulically load tested
  - Every HMI tested online
  - Every PLC component is tested online
  - Every power supply is load tested
- Every repair is bar-coded and tracked in our database
- Circuit board design available
